

**Remarks**

This communication is submitted in response to the Office communication from the Examiner mailed August 19, 2003, stating that the previous reply of August 11, 2003 was not fully responsive. Applicant thanks the Examiner for deeming Applicant's response dated August 11, 2003 as a bona fide attempt to be responsive and for bringing to Applicant's attention the need to elect the species Applicant wants to prosecute.

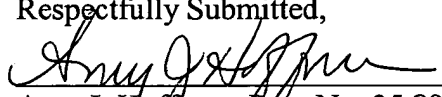

Applicant hereby elects the species embodied in Examiner's grouping (a) Figures 1-13 as the species Applicant wants to prosecute. This election is made without traverse.

Claims 1 through 10 read on the elected species embodied in Figures 1-13. While claims 4 and 5, relating to labels, are not specifically shown in Figures 1-13, the specification makes it clear that a label, either adhesively or non-adhesively adhered, is useful in any embodiment of the invention. This is specifically discussed on page 9, line 18, through page 10, line 5.

It is submitted that the above election is fully responsive to the communication from the Examiner mailed August 19, 2003.

No fee is believed to be necessary in connection with this Amendment. Should any fee be required, the Commissioner is authorized to charge our Deposit Account No. 50-1775 and notify us of the same.
